

Summer Usage of Achieve3000

Dear Parents,

KidBiz/TeenBiz is the online reading solution that reaches every student at his or her own level. Heritage Elementary has been utilizing this fantastic reading program throughout the school year.

This summer is a perfect opportunity to continue to increase your student's reading comprehension. Just as students used the program during school, they may continue to log in and take full advantage of what KidBiz/TeenBiz has to offer during our summer break.

Note: The games/avatars component will remain unavailable during the hours of 7:45am – 2:15pm, Monday – Friday.

With our year-round school calendar, here is how the program will be maintained over the summer:

1. **June 6 – July 21**: All students (*including graduating 6th graders*) may continue to login and complete articles via the home page, e-mail or search, in both English and Spanish (if applicable).
2. **July 22 (1st day of school)**:
ALL CURRENT STUDENT LOGINS WILL STOP.
New teacher to student associations will be created.
3. **August 10 (approximately)**: Program usage will resume with the 2015-2016 initial level set test (given at school).

Have a great break!
